

Nalerigu College of Nursing and Midwifery

Post Office Box 10

North East

13th October, 2023

Dear Fundamentalent,

MOTIVATIONAL LETTER

I hope this letter finds you in good health and high spirits. I am writing to you today in the hopes that you may be willing to provide me with financial support to pay for my nursing college fees. Please allow me to introduce myself; my name is Atoobey Irene, and I am a highly motivated and dedicated student who has just gain admission into the Nalerigu Nursing and Midwifery training college to pursue diploma in nursing.

I am a 24 years old lady who comes from Chuchuliga in the Kasena Nankane west district of the Upper East Region. I am the first born of five (5) children, and I live with my parents and grandmother in the house. My mother is a shea butter seller at the chuchuliga market and my father is a peasant farmer who farms millet, groundnuts and maize to feed the family.

I completed the Chiana Senior High School 4 years ago but could not get funds to continue my education until this year I decided to apply to the Nalerigu Nursing Training college with a leap of faith; when I completed Senior High School, I travelled to the southern part of Ghana to work as a head porter the first year and then served as a house help for two years before coming back home to continue my education. I saved some money to buy a bag of rice for my family and used the balance to buy my school admission form and toiletries for myself.

During the last few months in the house, I visit the local mining area to work as a water supplier (I carry water from the stream which is almost 2km from the site) for the miners and I was able to save GHS 1,500 but I realized this amount cannot pay my admission fee at the college.

Ever since I was a young child, I have been passionate about caring for others and making a positive impact on their lives. This passion has driven me to pursue a career in nursing so I can help the sick and vulnerable in my community. My grandmother is failing in health and I wish I can help her get well in the near future.

I firmly believe that through education and training, I can become a skilled and competent nurse, capable of making a significant difference in the lives of my people at Chuchuliga and the whole of Upper East Region.

Unfortunately, I am facing financial constraints that pose a significant obstacle in achieving my dream of becoming a nurse. The cost of college fees, tuition, and other associated expenses are beyond my family's means, and therefore, I am seeking external assistance. I am seeking financial support that would cover my college fees for the duration of my nursing program.

I humbly request you to consider extending your support to my educational journey. Any assistance you can provide, would be immensely appreciated and would make a significant difference in my life and my

family. I am committed to working hard, achieving academic excellence, and giving back to my community.

Thank you for taking the time to consider my request. I look forward to hearing from you soon.

Thank you.

Yours faithful

.....

Atoobey Irene
